Product designer with an engineering background, based in Barcelona. I design banking and B2B products end to end, working with the client's product, business and engineering teams.

Experience

North

Jan 2025 – Present

Product Designer · Barcelona

Consultancy projects for banks and tech companies. Clients include Banc Sabadell, CaixaBank, Caja Ingenieros, Oney, VivaGym and Safe Intelligence, among others.

- Shipped redesigns for nearly a year in the renewal of Caja Ingenieros' digital banking, from the trading platform to everyday flows. Now in production.
- Redesigned VivaGym's online sign-up for 300+ gyms.
- Led the redesign of Spec27, a platform for testing AI agents: 500+ sign-ups at the client's conference, and the client renewed.
- Managed user research for Banc Sabadell's business banking, and ran Oney's competitor benchmark in Spain and Portugal as client lead.
- Building an accessible UI kit in Figma for CaixaBank's payments and consumer-finance website.

Human Call to Action

2023 – 2025

UX/UI Designer · Barcelona

- Designed accessible interfaces to WCAG 2.2 and brought over-budget projects back within scope.

Harbro Ltd

2020 – 2021

Design Engineering Intern · Glasgow

- Cut material use 15% by redesigning an industrial product for the 2030 EU plastic regulations.
